Has He Found a Cure for Asthma

Simple Prescription Gives Instant Relief. Makes Breathing Easy.

In New England, where Bronchial Asthma, Bronchitis and other diseases of the throat and lungs are so prevalent, remarkably successful results are being reported following the use of a new form of treatment known as Oxidase, a physician's prescription.

Oxidase is a harmless but powerful combination of curative essential oils concentrated and compressed into a small tablet. One of these tablets slowly dissolved before going to bed seems to have the effect of releasing the muscular constriction of the bronchial tubes, opening up the air passages and regulating spasmodic lung action. This enables the patient to breathe easily and naturally while lying down and to get a comfortable night's sleep.

So much interest has been shown that local druggists, including E. A. Brown, have secured a supply and state that they are authorized to refund the money paid for the first package if in any case the new treatment fails to give relief. Oxidase is pleasant to take, contains no harmful habit-forming drugs and is not expensive. This makes their test an easy matter.—Adv.

Try This on Your Hair 15 Days

Then let your mirror prove the results—Write today for the trial

Now that dermatologists and skin specialists are agreed that the beginning of baldness is the gradual thinning out of the hair and that that is due to a microbe in the scalp, it was not difficult for science to overcome it. So it is now possible to stop thinning out of the hair, falling hair, baldness, gray hair, bald patches, itchy, scaly dandruff and other such afflictions of the hair and scalp. The new method strengthens the hair roots and follicles, makes the scalp healthy and sanitary and puts life, gloss and lustre into the old and growing hair. Tests show it will do this in 15 days in your own home—perhaps less in your case. Send your address today for the 15 days home trial to the

IF SKIN BREAKS

OUT AND ITCHES APPLY SULPHUR

Just the moment you apply Menthosulphur to an itching, burning or broken out skin, the itching stops and healing begins, says a noted skin specialist. This sulphur preparation, made into a pleasant cold cream, gives such a quick relief, even to fiery eczema, that nothing has ever been found to take its place.

Because of its germ destroying properties, it quickly subdues the itching, cools the irritation and heals the eczema right up, leaving a clear, smooth skin in place of ugly eruptions, rash, pimples or roughness.

You do not have to wait for improvement. It quickly shows. You can get a little jar of Menthosulphur at any drug store.—Adv.
